

PURPOSE DRIVEN INNOVATION

HOTEL GRINNELL
925 PARK ST. | GRINNELL, IA 50112
HOTELGRINNELL.COM

What passes for innovation is little more than guessing, imitation or hoping that something new will “work.” But, it doesn’t “work” most of the time. What does work is learning how to lead “purpose driven innovation” so that you can make a difference in your community, business or organization.

Three elements are required: the right mindset, the right way of working as a team, and the right process. Get those three in place and you’ll move from hoping something new will work, to uniting around creative solutions.

Our speaker is Mike Wagner, President of White Rabbit Group and he’s a skilled communicator, facilitator and business consultant. Mike serves leadership teams in the creation of competitive advantage and growth strategies and engages audiences with fresh ideas and compelling stories that inspire them to keep creating.
